Thanks Brian.

There is a red X and a black X....which one is the sonic well location? I see former Electrolux outlined in purple. What are the 4 red and 4 blue circles?

Once we have TO, we'll need to prepare QAPP and get bids out for drilling. There are only a few companies with Sonic rigs here in the Midwest, but we'll include expedited schedule in the drilling bid.

Ted

Ted, TO should be coming through in the next few days for Downtown Wells and Former Electrolux. I want this well drilled ASAP. Matt with IDNR plans to watch so keep him on the loop also and gave me a date drilling may commence.

X marks the approximate spot to drill
